

Year 7 HASS – Geography – Liveability Fieldwork Task

Task 5 – How liveable is your town?

Marks: _____/48

Weighting: 7.5%

Target: _____ / 48

Name: _____ Teacher: _____

- 1) Working in pairs, your task is to choose a teenage-friendly facility you would like to develop in your local neighbourhood and select a location for it.

Suitable facilities could include;

- A skate park
- A new indoor sports and recreational facility
- A swimming pool
- A cinema complex
- A library
- An open-air cinema
- Better public transport e.g. safer train stations, more buses or extended bus routes
- More shops and cafes
- Cycle paths
- Green open spaces
- A free Wi-Fi network
- An area for free activities such as music concerts

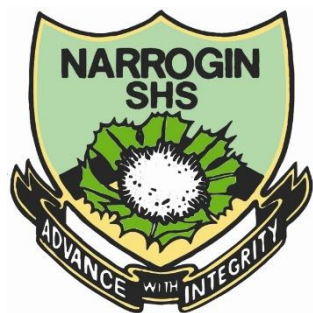

- 2) Prepare a multimedia display of your plans. This could be a PowerPoint (minimum 12 slides), Prezi, Poster, model OR a combination of these. Include the following in your presentation;

- A map of the area with the location shown
- Details about what is to be built or developed
- Examples of similar facilities elsewhere
- The benefits to the local community (you may want to include the costs of your plan)
- An indication of who is likely to use the facility
- Outline your social network campaign. (You are not actually doing this. It is a plan for a campaign).

Include in your plan;

- The social networks you are going to use
- The people or groups your campaign will target; these could include: The local mayor and councillors, The local state and/or federal members of parliament and Community groups

**** Your presentation may be displayed as a part of an exhibition at the Narrogin Agricultural Show**
