INVESTIGATION TITLE:

Name: _____ Date: _____

INTRODUCTION

General background information/theories:

Past studies/research:

Aim:

Hypothesis: (if experimental study):

Independent variable(s):

Dependent variable(s):

RESULTS

Table and graph:

Descriptive summary of the results (data):

METHOD

Participants:

Materials:

Procedure:

DISCUSSION

Interpretation and explanation of the results (data):

Support or reject hypothesis:

Identify extraneous variables and how they might impact on the results:

Conclusion:
