Changing Backdrops Homework

The following script was created in the lesson today.

How many choices does this IF Statement give?

2 choices

Explain how another choice could be added into this IF Statement

You could attach another IF, ELSE block under this one so you are provided with more choice.

- Study the script and explain what it does

When the space is pressed
Ask if the user is feeling hot or cold
If the user feels hot
Switch to backdrop desert
Otherwise
Switch to backdrop Winter Lights
